

Friday, 9th of October

Saturday, 10th of October

08:30	Registration	08:30	Registration
08:45	Registration	08:45	Registration
09:00	welcome	09:00	Witt - olfactory anatomy
09:15	welcome	09:15	Witt - olfactory anatomy
09:30	Hummel - general olfaction - assessment of olfactory function	09:30	Witt - olfactory anatomy
09:45	Hummel - general olfaction - assessment of olfactory function	09:45	Philpott - postviral olfactory loss
10:00	Hummel - general olfaction - assessment of olfactory function	10:00	Philpott - postviral olfactory loss
10:15	Rombaux - olfactory bulb, structural MRI, congenital anosmia	10:15	Philpott - postviral olfactory loss
10:30	Rombaux - olfactory bulb, structural MRI, congenital anosmia	10:30	Konstantinidis - posttraumatic olfactory loss
10:45	Rombaux - olfactory bulb, structural MRI, congenital anosmia	10:45	Konstantinidis - posttraumatic olfactory loss
11:00	break	11:00	Konstantinidis - posttraumatic olfactory loss
11:15	break	11:15	break
11:30	Vodicka - epidemiology, QoL, parosmia and phantosmia	11:30	break
11:45	Vodicka - epidemiology, QoL, parosmia and phantosmia	11:45	Damm - sinonasal disease and olfactory function
12:00	Vodicka - epidemiology, QoL, parosmia and phantosmia	12:00	Damm - sinonasal disease and olfactory function
12:15	Hähner - neurodegeneration, aging	12:15	Damm - sinonasal disease and olfactory function
12:30	Hähner - neurodegeneration, aging	12:30	Macchi - toxic causes of olfactory loss - use of ialuronic acid
12:45	Hähner - neurodegeneration, aging	12:45	Macchi - toxic causes of olfactory loss - use of ialuronic acid
13:00	break	13:00	Welge-Lüssen - idiopathic olfactory loss, surgical therapy
13:15	break	13:15	Welge-Lüssen - idiopathic olfactory loss, surgical therapy
13:30	break	13:30	Welge-Lüssen - idiopathic olfactory loss, surgical therapy
13:45	break	13:45	General discussion
14:00	Altundag - olfactory dysfunction related to endocrinology	14:00	General discussion
14:15	Altundag - olfactory dysfunction related to endocrinology	14:15	transfer
14:30	Landis - taste assessment; dysgeusia: symptoms and treatment	14:30	transfer
14:45	Landis - taste assessment; dysgeusia: symptoms and treatment	14:45	transfer
15:00	Landis - taste assessment; dysgeusia: symptoms and treatment	15:00	transfer
15:15	transfer		
15:30	transfer		
15:45	<i>Gudziol - Biopsies, endoscopy</i>		
16:00	<i>Schrieber - olfactory tests, trigeminal</i>		
16:15	<i>Croy - Questionnaires, QoL etc.</i>		
16:30	<i>Negoias - olfactometry, gustometry</i>		
16:45	<i>Sorokowska - taste test, retronasal</i>		
17:00	<i>Landis - nasal airflow</i>		
17:15	<i>Gudziol - Biopsies, endoscopy</i>		
17:30	<i>Schrieber - olfactory tests, trigeminal</i>		
17:45	<i>Croy - Questionnaires, QoL etc.</i>		
18:00	<i>Negoias - olfactometry, gustometry</i>		
18:15	<i>Sorokowska - taste test, retronasal</i>		
18:30	<i>Landis - nasal airflow</i>		
18:45	transfer		
19:00	transfer		
19:15	transfer		
19:30	dinner (until approximately 22:30 h)
