

Invitation

Dear colleagues:

We would like to invite you to the meeting of the Working Group on Olfaction and Gustation of the German ENT society in Erlangen. For the 3rd time, the meeting will be international; thus, the primary congress language will be English. Of course, **talks may still be delivered in German**, but we kindly request slides to be written in English. **If possible**, discussions should be held in English, too.

Just «as usual» we will have a special event on Friday evening and will go to the Congress Dinner in Nürnberg.

We are looking forward to welcome you in Erlangen soon!
