Dresden, February 13, 2013

2nd Joint Meeting of the German Society for Microcirculation and Vascular Biology (GfMVB) and the Swiss Society for Microcirculation and Vascular Research (SSMVR) from September 26-28, 2013 in Dresden, Germany

Dear colleagues,

After the previous very successful joint meeting in Bern, Switzerland, it is a great pleasure to invite you to the 2nd Joint Meeting of the German Society for Microcirculation and Vascular Biology (GfMVB) and the Swiss Society for Microcirculation and Vascular Research (SSMVR) from September 26-28, 2013 in Dresden!

Vascular biology and microcirculation play a central role in angiogenesis, vascular function and cardiovascular diseases. The programme of the meeting will include renowned experts in the field as invited speakers and many oral and poster presentations by young investigators selected from the submitted abstracts. Additional scientific highlights will be the Hermann Rein Award lecture and the Young Investigator Award session.

The meeting will take place in the Medical-Theoretical Centre of the Medical Faculty Carl Gustav Carus of the University of Technology Dresden.

In addition, the city of art, culture, and science Dresden offers a variety of cultural highlights like the Church of Our Lady (Frauenkirche), Royal Palace, Zwinger, Semper Opera House, Albertinum, Elbe castles, or the 'Blue Wonder' bridge.

We will be very pleased to welcome you in Dresden in September 2013!

Best regards,

Prof. Dr. Henning Morawietz
President of the German Society
for Microcirculation and Vascular Biology

Prof. Dr. Britta Engelhardt
President of the Swiss Society
for Microcirculation and Vascular Research

Address:

University of Technology Dresden
Medical Faculty Carl Gustav Carus
Department of Vascular Endothelium and Microcirculation
Fetscherstr. 74
D-01307 Dresden, Germany

Visitors address:

Department of Vascular Endothelium and Microcirculation
Medical-Theoretical Center
2nd Floor, Room no. B.20.002
Fiedlerstr. 42
