Käthe-Kollwitz-Ufer 19b, 01307 Dresden

# 1. International Androgen Receptor Symposium

16-17.06.2023

Universitätsklinikum Carl  
Gustav Carus

House 19 ,1. Floor, Room 1.158/9

An event of the Department of Urology  
of the Universitätsklinikum Carl Gustav Carus  
and Intercom Dresden GmbH

Prostate cancer is still the most common male tumour and its treatment is a major challenge, especially in advanced stages. Collaboration between international clinicians and scientists is critical in effectively improving patient care.

With the International Androgen Receptor Symposium, the Department of Urology Dresden offers a forum for exchanging scientific and clinical innovations.

# Programm

17/06/2023
