

The German Cancer Research Center (DKFZ) is seeking for the partner site Dresden of the German Cancer Consortium (DKTK) a

Postdoc Tumor Biology

(Ref-No. 206/2017)

The German Cancer Research Center is committed to increase the percentage of female scientists and encourages female applicants to apply.

Among candidates of equal aptitude and qualifications, a person with disabilities will be given preference.

To apply for a position please use our online application portal (www.dkfz.de/jobs).

We ask for your understanding that we cannot return application documents that are sent to us by post (Deutsches Krebsforschungszentrum, Personalabteilung, Im Neuenheimer Feld 280, 69120 Heidelberg) and that we do not accept applications submitted via email. We apologize for any inconvenience this may cause.

Description:

- The partner site Dresden of the German Cancer consortium focuses on the improvement of radiotherapy treatments and imaging methods by biological individualization and the evaluation of particle therapy
- Performing pre-clinical and translational in vivo experiments with established or patient-derived tumor models
- Studying radiation effects alone or in combination with systemic treatment on tumor and normal tissue
- Foster and establish (inter)national cooperation in the field of cancer treatment
- Teaching, supervision and project managing tasks

Your profile:

- PhD degree in biology, biotechnology, biochemistry, medicine, veterinary medicine or related discipline
- Experience with in vivo tumor models and qualification of FELASA B expected
- Hands-on experience with testing of substances and/or irradiation in small animals is preferred
- Good knowledge in pharmacokinetics, pharmacodynamics, tumor biology and cancer research is advantageous
- First experience in project management desired
- Very good knowledge of written and spoken English
- Ability to work independently on scientific topics
- Inter-personal and team working skills

Duration:

The position is limited for 1 year.

The Translation Centre is located in the premises of the Radiation Oncology & Imaging, Dresden.
