

The Carl Gustav Carus Faculty of Medicine and the University Hospital Carl Gustav Carus of the Technische Universität Dresden invite applications for a

W2 Professorship of Molecular Bone Biology

at the earliest possible date.

The professorship will be associated with the leadership of a research area within the Division of Endocrinology and Diabetes in the Department of Medicine III and the Center for Healthy Aging of the Faculty of Medicine. We expect you to have an outstanding track record in basic research of the physiological and pathophysiological processes of bone remodeling. You will have an additional focus on the systemic and molecular interactions between bone and other organs. Your experience and willingness to collaborate with clinicians to support clinical translation of basic research findings is highly appreciated.

As an ideal candidate you are recognized nationally and internationally in your research field and have broad experience in third-party fund raising. You have gained competence in team leadership and are experienced in leading a research team. We also expect you to cooperate with other departments. You are an engaged and inspiring teacher and favor interdisciplinary cooperation of science and teaching. We also welcome your engagement in academic self-governance.

Applicants must fulfill the employment requirements pursuant to §58 SächsHSFG and have a university degree in natural or medical sciences, a doctoral degree and habilitation or habilitation equivalent, teaching experience and performance skills in research and teaching.

The Faculty of Medicine seeks to increase the proportion of women in science, teaching and administration. Thus, qualified female scientists are especially encouraged to apply. Applications from disabled candidates or those with additional support needs are welcome.

Please send your application by **May 5, 2017** to the **Dean of the Faculty of Medicine Carl Gustav Carus of the Technische Universität Dresden, Prof. Dr. med. H. Reichmann, Fetscherstraße 74, 01307 Dresden, Germany**. For further details concerning the required application documents see the homepage of the Faculty of Medicine under jobs. For more information please contact the dean's office (Dr. Janetzky, +49 351-458 3356), the equal opportunity officer Dr. Valtink (+49 351-458-6124) or the representative for disabled persons Ms. Hillig (+49 351-458-3327).

The Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate's partner.
