

The Carl Gustav Carus Faculty of Medicine and the University Hospital Carl Gustav Carus of the Technische Universität Dresden are offering a position at earliest convenience as a

Professor (W2) for Prevention and therapy of diabetes mellitus

Prevention and treatment of type-2 diabetes and the metabolic syndrome is one focus of the Medical Faculty Carl Gustav Carus and the University Hospital Carl Gustav Carus Dresden and of the Saxon Ministry of Health. One of the major challenges in the field of type-2 diabetes is the establishment of novel effective strategies for the prevention of type-2 diabetes and its implementation in population-wide public and private health programs.

An essential part of the activities within the scope of this professorship is therefore the establishment and expansion of the field prevention and treatment of type-2 diabetes and the management and participation in national and international research programs. We also expect that you will be able to inspire our students and we anticipate your dedication to the Dresdner model of problem-oriented teaching (DIPOL®) in German and in English language, as well as your support in academic self-governance.

The employment of professors with medical tasks is contractually regulated at the University Hospital Dresden through non-pay-scale employment contracts with a basic remuneration and a performance- and success-related compensation.

The prerequisites for employment according to § 58 SächsHSFG are a university degree in medicine, doctorate and post-doctoral degree/habilitation or equivalent achievement, teaching experience as well as a board certification in the field of internal medicine/diabetology. Ideally, you are have an internationally recognized research profile and a track-record in third party funding. Expertise in the fields of public health, prevention and healthcare research are also desirable.

The Faculty of Medicine aspires to increase the number of women in research and teaching, and strongly encourages qualified women to apply for this position. We also welcome applications from scientists with disabilities.

Please send your application by **31 January 2018** to the **Dean of the Medical Faculty Carl Gustav Carus of the Technical University of Dresden, Prof. Dr. med. H. Reichmann, Fetscherstr. 74, 01307 Dresden**. For further [details concerning the required application documents see the homepage of the Faculty of Medicine](#) under Job Advertisements. For more information please contact the dean's office (Dr. Janetzky, +49 351-458 3356), the equal opportunity officer Dr. Valtink (+49 351-458-6124) or the representative for disabled persons Ms. Hillig (+49 351-458-3327).

The Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate's partner.
