

The Carl Gustav Carus Faculty of Medicine, the University Hospital Carl Gustav Carus of the Technische Universität Dresden and the National Center for Tumor Diseases (NCT Dresden) are offering a position at earliest convenience as a

## **Chair (W2) for Translational Gastrointestinal Oncology (f/m/x)**

at the Medical Department 1. We aim to strengthen translational research in the area of pathogenesis and therapy response in gastrointestinal tumors and the interaction of the intestinal microbiota and physiological regeneration in gastrointestinal carcinogenesis. You are a dynamic researcher, who wants to use the chances in the faculties profile focus of oncology and on the biomedical campus Dresden, and will actively cooperate with the stem cell and tissue organization expertise in the Cluster of Excellence for Regenerative Therapies Dresden (CRTD), the Max Planck Institute for Cell Biology and Genetics (MPI-CBG), the Biotechnology Center Dresden (biotec) and the local DRG research units of the prospective recruitment. The position is associated with the leadership of a research group at the National Center for Tumor Diseases (NCT) Dresden and the German Cancer Research Center, which is limited to a period of five years and a senior physician function at the Medical Department 1 if the specialist qualification is available. Teaching medical students and master students for biology (in German and, if applicable, in English) using innovative approaches within our "Dresden integrated problem based learning" (DIPOL) and the academic self-management is expected.

The employment of professors with medical tasks is contractually regulated at the University Hospital Dresden through non-pay-scale employment contracts with a basic remuneration and a performance- and success-related compensation.

Prerequisites according to § 58 SächsHSFG include a university degree in medicine, a doctoral degree and a post-doctoral degree/habilitation or an equivalent qualification record. An advanced stage of internal medicine training is required. Ideally, you have already achieved board certification for Internal Medicine and Gastroenterology. We provide the option to complete the medical training for the subspecialties of Gastroenterology and Medical Oncology. You have a track record in teaching and of internationally reviewed publications and a successful acquisition of third party grants.

The Faculty of Medicine aspires to increase the number of women in research and teaching, and strongly encourages qualified women to apply for this position. We also welcome applications from scientists with disabilities.

Please send your application by August, 23th 2020 to the **Dean of the Faculty of Medicine Carl Gustav Carus of the Technische Universität Dresden, Prof. Dr. med. Heinz Reichmann, Fetscherstraße 74, 01307 Dresden, Germany**. For further details concerning the required application documents see the homepage of the Faculty of Medicine under jobs. For more information please contact the dean's office (Dr. Janetzky, 0351-458-3356), the equal opportunity officer Dr. Valtink (0351-458-6124) or the representative for disabled persons Ms Vogelbusch (0351-458- 12127).

The Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate's partner.
