

The Carl Gustav Carus Faculty of Medicine and the University Hospital Carl Gustav Carus of the Technische Universität Dresden are offering a position at earliest convenience as a

Chair (W2) of Metabolic and Vascular Medicine

The Faculty of Medicine in Dresden has a great tradition in diabetes research and treatment of patients with diabetes and is now one of the leading diabetes centres in Germany. The term metabolic syndrome was first coined in Dresden and the guidelines for the treatment of the metabolic-vascular complications of diabetes were largely developed in Saxony at the Technische Universität Dresden. The reputation and success in this field also play a major role in various focal points of our Excellence Initiative. With the appointment of the professorship for Metabolic Vascular Medicine, in particular the translational and clinical area of diabetology and the important Diabetes Study Center at the Faculty of Medicine will be maintained and expanded. The expansion of the study activities is expected to generate additional income for the faculty in addition to its scientific reputation.

Special commitment is also expected in the Dresden model of problem-oriented learning and in academic self-administration.

The employment of professors with medical tasks is carried out in the scope of non-pay-scale employment contracts with a basic remuneration and a performance- and success-related compensation.

Prerequisites for employment according to § 58 SächsHSFG are a university degree in medicine, doctorate, and habilitation or an equivalent qualification record. Board certification for internal medicine and endocrinology as well as teaching experience are required. Ideally, as a future job holder, you are a researcher with an international reputation and have profound records in the acquisition of third-party funds.

The Faculty of Medicine aspires to increase the number of women in research and teaching and strongly encourages women to apply for this position. We also welcome applications from scientists with disabilities or additional support needs.

Please send your application **by September, 23th 2020** to the **Dean of the Faculty of Medicine Carl Gustav Carus, Technische Universität Dresden, Prof. Dr. med. H. Reichmann, Fetscherstraße 74, 01307 Dresden, Germany**. For further details concerning the required application documents see the homepage of the Faculty of Medicine or please contact the dean's office (Dr. Janetzky, 0351-458 3356), the equal opportunity officer Dr. Valtink (0351-458-6124) or the representative for disabled persons Frau Vogelbusch (0351-458 3327).

The Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate's partner.
