

Technische Universität Dresden (TUD), as a University of Excellence, is one of the leading and most dynamic research institutions in the country. As an important part, the Faculty of Medicine and the University Hospital Dresden work closely together in partnership and are committed to excellence in cutting-edge medicine, medical research and teaching, and patient care for the entire region. The University Medicine Dresden sees itself as a modern employer and offers attractive working conditions to all employees in teaching, research and patient care, technology and administration and thus promotes and develops their potential. TUD embodies a university culture that is characterized by cosmopolitanism, mutual appreciation, thriving innovation and active participation. For TUD diversity is an essential feature and a quality criterion of an excellent university. Accordingly, we welcome all applicants who would like to commit themselves, their achievements and productivity to the success of the whole institution.

The Carl Gustav Carus Faculty of Medicine and the University Hospital Carl Gustav Carus of TUD Dresden University of Technology invite applications for the

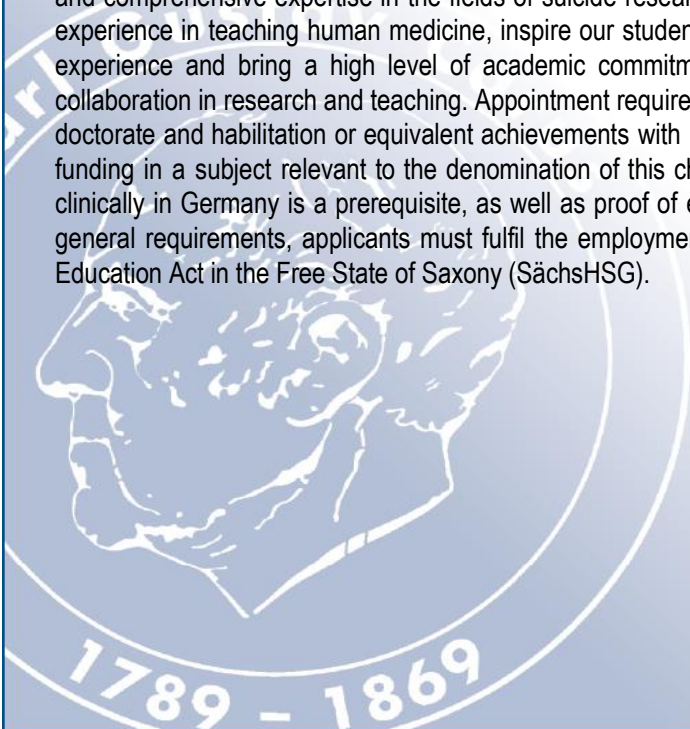

Chair (W2) of Suicide Research and Suicide Prevention

to be filled as soon as possible.

As a professor at the Department of Psychiatry and Psychotherapy, you (m/f/x) will represent the field of suicide research and suicide prevention in research and teaching. In addition to the consideration of the lifespan, this also includes gender and other diversity categories in relation to age. We expect you to develop and support a concept for implementing suicide prevention in interprofessional and interdisciplinary teaching concepts according to the current state of suicide research.

Within the Department of Psychiatry and Psychotherapy, the chair will develop the focus on suicide research and suicide prevention across the lifespan of adults to national and international significance. The focus will be on clinical research, including biological and psychological methods. In addition, public health approaches will be promoted through collaboration with the Center for Evidence-Based Healthcare (ZEGV). As a professor, you will also be responsible for the clinical and scientific management of the Specialist Outpatient Clinic for Suicidal Patients and will supervise the associated suicidal counselling service at the University Hospital. In addition to excellent research and teaching, we expect you to play an active role in the public discourse on suicide research and suicide prevention. Furthermore, you will develop and strengthen interfaces between university and community prevention. We prefer a candidate with additional expertise and active participation in relevant professional societies or in consultation processes with decision-makers at state and federal level, as well as professional political commitment. We also expressly support your active participation in the existing research networks at the University Hospital Carl Gustav Carus and TUD.

We are looking for a nationally and where appropriate also internationally recognized personality with high social competence and comprehensive expertise in the fields of suicide research and suicide prevention. In addition, you have several years of experience in teaching human medicine, inspire our students with your effective and modern teaching and further education experience and bring a high level of academic commitment and willingness to engage in constructive, interdisciplinary collaboration in research and teaching. Appointment requirements include a completed university degree in human medicine, a doctorate and habilitation or equivalent achievements with international publications and successful acquisition of third-party funding in a subject relevant to the denomination of this chair. Board certification for psychiatry and the permission to work clinically in Germany is a prerequisite, as well as proof of extensive teaching experience of several years. In addition to the general requirements, applicants must fulfil the employment qualification requirements of § 59 of the Institutions of Higher Education Act in the Free State of Saxony (SächsHSG).

The Faculty of Medicine strives to employ more women professors in academia and research. We therefore expressly encourage women to apply. The University is a certified family-friendly university and offers a Dual Career Service. We welcome applications from candidates with disabilities. If multiple candidates prove to be equally qualified, those with disabilities or with equivalent status pursuant to the German Social Code IX (SGB IX) will receive priority for employment. If you have any questions about these topics, please contact the Equal Opportunities Officer of the Faculty of Medicine (Dr. Valtink, +49351-458-16124) and the representative for persons with disabilities of the Faculty of Medicine (Ms Vogelbusch, +49351-458-12127).

We are looking forward to receiving your application **by May 24th, 2024** in electronic form in a single PDF file (preferred) or in hardcopy to Dekanin der Medizinischen Fakultät Carl Gustav Carus der Technischen Universität Dresden, Frau Prof. Dr. med. Dr. Esther Troost, Fetscherstr. 74, 01307 Dresden (medberufungen@mailbox.tu-dresden.de). For further details concerning the required application documents please see the homepage of the Faculty of Medicine or contact the dean's office (Dr. Janetzky, +49351-458-3356).
